

NURSING, B.S.

Major Code: 0291

The nursing baccalaureate program provides RN's the opportunity to enhance their nursing practice in five core concepts: Patient-Centered Care, Evidence-based Practice, Nursing Informatics, Leadership and Professionalism. Courses Emphasize: public, family and community nursing, advanced health assessment, health promotion, nursing theory, ethics, organizational communications, systems theory, leadership and management. Students engage in a required service learning activity in selected non-clinical nursing courses to combine formal learning with reflection to strengthen a community.

This program can be completed 100% online. All nursing courses in this program are offered in the online format only while other required courses are available in an online, hybrid, and/or face-to-face format. See the Suggested Course Sequence below for modality designation.

To enroll in the SUNY Morrisville Nursing program, applicants must have successfully completed an accredited AAS Nursing Program. Graduates from the SUNY Morrisville AAS Nursing Program can seamlessly transfer into this RN-BS program. Students must be successful on the NCLEX exam before their second semester in the program.

In addition to increasing career opportunities and meeting the expectations of many healthcare areas, graduates of the BS Nursing program will be able to transfer to masters' level programs in nursing to specialize as a clinical nurse specialist, nurse anesthetist, nurse midwife, nurse practitioner, administrator or nurse educator. BS nurses are also sought for graduate programs in informatics and business, and healthcare administration.

The program is accredited by:

The Accreditation Commission for Education in Nursing
3390 Peachtree Road, NE
Suite 1400
Atlanta, GA 30326

(404-975-5000), www.acenursing.org (<http://www.acenursing.org/>)

The State Education Department Division of Professional Education
89 Washington Avenue, 2nd Floor
West Wing, Albany, NY 12234

(518)-486-2967, OPPROGS@nysed.gov

Background Checks

Students enrolled in the nursing program must conform to the rules, policies, and procedures of the clinical affiliates in order to participate in practical experiences, which may include background checks. The cost of the background check will be the responsibility of the student. Failure to consent to and submit the appropriate background screening findings will prohibit the student from continuing in the nursing program.

Student Learning Outcomes

Upon successful completion of this program, students will be able to:

- Incorporate theories and concepts from the arts, humanities, and sciences into the professional nursing role.
- Assess leadership principles in the provision of quality nursing care.

- Integrate evidence-based practice to guide care in a variety of health settings.
- Discuss the role of information technology systems in delivery of safe patient care.
- Analyze the implications of policy on healthcare disparities.
- Analyze methods to improve health outcomes for populations.
- Analyze dimensions of communication related to health care environments.
- Promote population-focused interventions based on identified gaps in a healthcare setting.
- Extend professional identity to practice in a multicultural environment.
